

We, the members of TCU Local 1315, petition to merge with ATU Local 1277 and the SMART GO-875 locals in accordance with the AFL-CIO Constitution, Article III, Section 8: "Affiliates of the Federation shall be encouraged to eliminate conflicts and duplications in organization and jurisdictions through the process of voluntary agreement or voluntary merger." As long as we are divided, Metro can play us off each other, encouraging conflict between our unions to drive down all our wages and benefits. United we are stronger!
